INSTALLATION AND USE

Suitable for use with clean water and liquids that are not chemically aggressive towards the materials from which the pump is made. As a result of their reliability and quietness they are suitable for use in domestic and civil applications where there is a lack of ventilation or space as well as in wet environments, etc.

They are capable of functioning at depths of up to 20 m provided that they are equipped with a sufficiently long power cable.

OPTIONALS AVAILABLE ON REQUEST

- Other voltages or 60 Hz frequency

GUARANTEE

1 year subject to terms and conditions
